INSTANT ISSUE debit cards

Instant Issue Debit Cards are available at our Casa Grande, AZ and Tse Bonito, NM branches, First American Credit Union staff can help members who may have a lost, damaged, compromised, or stolen debit card by printing them a new one on the spot.

First American members can simply walk into the branch and receive a fully functioning active payment card and select their own personal 4-digit PIN.

The personalized number and name is printed on the card, and the secured information is encrypted on the back like a traditional debit card. The member walks away with an activated debit card that will work for point of sale and ATM transactions within the hour. As always, a traditional debit card with embossed numbers and name is still available. The traditional card takes 7 to 10 business days to arrive.

"Today, people rely on their debit card for nearly all transactions in their day-to-day lives. If a member needs a replacement card because it was lost or stolen, they should not have a seven to 10-day wait for a new card to arrive," said Phil Peters, Chief Executive Officer. "Instant issue allows us to instantly deliver a card with a customized PIN to the member on the spot, which improves satisfaction and maximizes convenience."
